

U.S.

Stop'n GO Double Balloon Catheter 2 x 8 mm

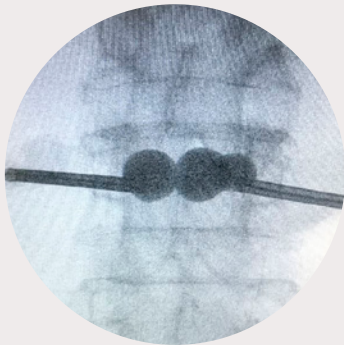

Targeted vertebral body
reconstruction with the strength
of FOUR balloons.

Quattroplasty[®]

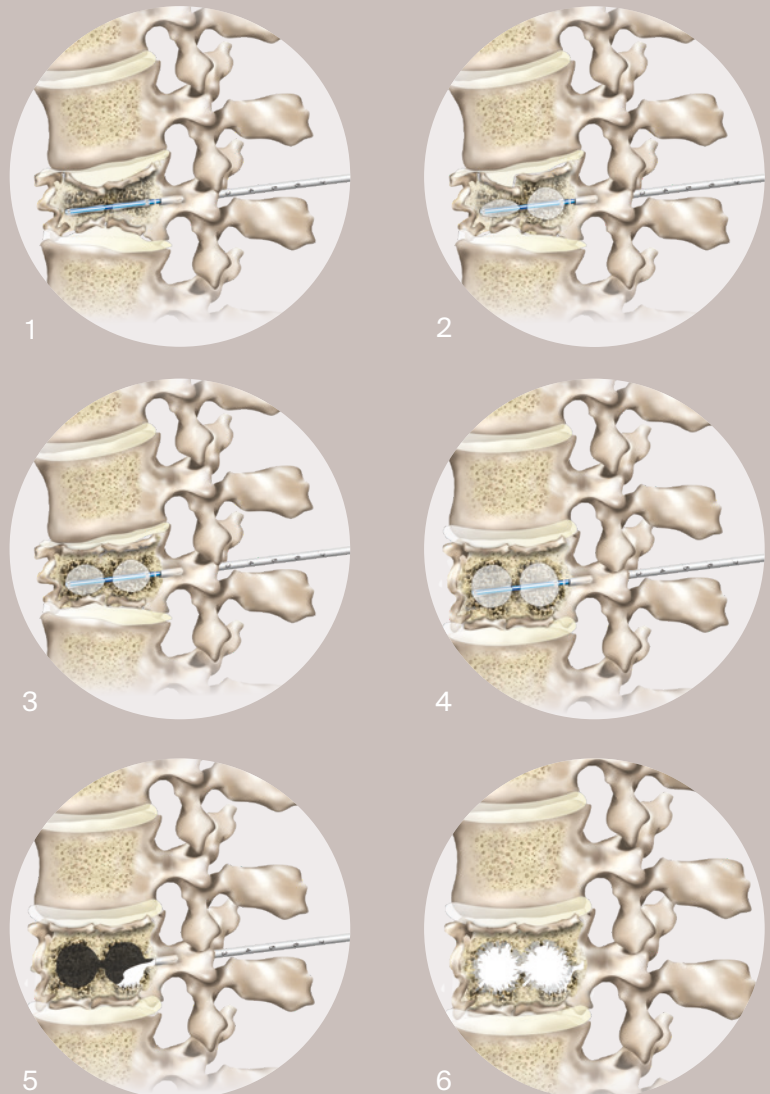

Advantages of 2 x 2 = 4 independent balloons

- The pressure and volume of each single balloon is adjusted separately
- With the Stop'n GO Double Balloon Catheter, the surgeon uses up to FOUR balloons in one vertebral body
- The necessary force is directed to the desired point to reconstruct the vertebral body step by step
- Bone cement application
